Sun 31 st	National Garden Scheme (NGS) Open Garden	Brynkinalt Hall, Chirk	12 - 4pm

Please let us know the time and date of events in June and July for the next edition of Village Life by no later than **Wednesday 20th May 2020**

If you send us an article for the next edition, please bear in mind that it will be delivered at the end of **May** so any events you report on will have happened before then. If you want to mention any upcoming events or activities please make sure they are in June and July (or later).

As part of the new partnership with England Rugby and our PE department, the school were invited to the AJ Bell Stadium in Salford to design our new school rugby kit by sports clothing manufacturers Canterbury NZ.

Year 8 student Bethany Lewis, Josh Bowen and George Keay-Williams both from year 9 were given the challenge of producing a new and exciting kit that many teams will wear in the future. They worked with experienced designers to ensure that their design will go to production and it has now been delivered to school. All three students were excellent and really applied themselves when completing a number of tasks.

George was lucky to then travel to Twickenham last week to unveil the new shirts, and said “when we got there, there was a presentation and pictures with England rugby players Cath O'Donnell and Lewis Ludlam. Once each school had presented their shirt we had to practice taking the ‘all schools’ flag on the pitch which is what we did during the English and Welsh national anthems before the match. After the anthems, we took the huge flag off the pitch and went to our seats to watch a fantastic game of rugby, we had brilliant seats near the pitch and the last England try scored by Tuilagi was right in front of us. The brilliant day was ended with a perfect score”. How amazing!!

Thank you to the Oswestry Rotary Club who came into school this week to award our Year 5 students who are members of the 'Rota Club' their membership certificates and wristbands. The students then made their 'Rota Kids' pledge. During the year the students will organise three fund raisers; one for school, one for the local community and one for an international cause. We are very proud of our students who have put themselves forward for this project.

World book day was enjoyed by the whole school with a non uniform day for either a book swap or £1 donation. Thank you to all our parents as over £250 was raised to go towards resources for our school library, and the new library for primary.

Year 1 attended an author event at Oswestry School organised by Booka book shop. Author of the 'Jolley-Rogers' series Jonny Duddle and 'The Pigsticks and Harold series' Alex Milway read some of their books to a packed audience.

Ryan asked the authors "How do you make your books so funny?" He received a £10 Booka voucher for such an excellent question. The authors answered that they have to think of funny characters and things that make them laugh! Well done Ryan!

St Martins School have been very busy planning and preparing for the early school closure as directed by the government as part of the fight against the Coronavirus, so we are grateful that they still found the time to produce some material for this issue of the magazine! **Thank You**

The Marches School have success at Rotary Club Young Writer's Competition

The Marches School recently received some fantastic news upon taking part in the annual Rotary Club Young Writer's Competition.

The students were tasked with writing a short story under the title 'Connections'. They explored this topic and completed various tasks on the theme during their English Lessons, before independently creating their own story based on their ideas without teacher support to submit for the competition.

Rotarians Mr Peter Martin, Mr Justin Soper and Mrs Sherie Soper (Assistant District Governor for the Rotarians), judged the shortlisted entries and visited the school this week to award the following results:

1st - Olivia Evans, Year 9.

2nd - Scarlett Devereux, Year 9.

3rd - Amy Bryan, Year 8.

Highly Commended - Isabel Harper-Davies, Year 7; Cameron McNeil, Year 8.

Olivia will now go on to be entered into the District Intermediate Final representing the Rotary Club of Oswestry. She also won the John Cranwell Award, in memory of the former Borderland member. This allowed The Marches to retain the trophy for another year after beating stiff competition from several schools in the area.

Miss Shona Wilson, KS3 Coordinator of English at The Marches commented; "The students and the English Department have put in a huge amount of effort and I am incredibly happy for them that it has paid off. The students worked really hard and submitted some fantastic entries. Congratulations to all who received awards and we now look forward to seeing Olivia's progress through the competition."

Left to Right: back row - Amy Bryan, Scarlett Devereux, Olivia Evans, Cameron McNeil. In the front row - Peter Martin, Sherie Soper (Assistant District Governor for the Rotarians) and Justin Soper.

Music to Moreton Hall

Student's ears

Moreton Hall's Year 8 artist Lucy Nelson has won Oswestry Youth Music Festival's annual competition to design the 2020 festival logo. Lucy's entry was selected amongst 80 designs from entries across Shropshire.

Lucy's design will feature on the cover of the event programme and over 1000 musicians participating in 81 different classes including; instrumental, vocal, orchestral and choral between Wednesday 26th February to Sunday 1st March will be presented with a sticker incorporating her design.

Lucy was presented with a gift voucher by Councillor Peter Cherrington who commented "The judges were unanimous in their decision of awarding Lucy first place. Her design is very modern and trendy and exactly what the judges were looking for".

The Oswestry Youth Music Festival 2020 is an important event in the Oswestry Town Council's calendar and has been held annually for over 40 years.

Each year approximately 1000 young musicians are welcomed to the town to participate. Each class is presented with a trophy for the winner, and there are certificates and mark sheets for every performer. Cash prizes of £100 are awarded for the overall winners of the 12 and under, and 15 and under categories and £200 for the overall winner of the 21 and under category.

Music is a performing art, and the Festival provides an excellent opportunity to perform in front of a friendly, supportive audience. Constructive feedback is provided by the adjudicators for every performer. The Finals classes will be held on Sunday 1st March in Christchurch. A new trophy for the Organ Class, courtesy of the Courtyard Venue will be presented this year and the festival will be reviving the Rock Bands Class.

Moreton Hall

Student BioScience Essay Success

Moreton Hall

The world faces many challenges in the 21st Century; from disease and drug resistance to species extinctions and climate change. Many of these challenges are biological, so can biology save the world? The University of Gloucestershire set this as a challenge in their A Level essay competition last term and we were delighted to learn this week that Sixth Form student, Isobel Jones, has been awarded the Runner Up Prize.

Head of Biology, Mrs Peel, commented: "Isobel's excellent essay on the use of Brain Computer Interface technology (BCI) has won her £500.

"Moreton's Sixth Form Biology students entered essays in the competition and we had some other very high quality entries. Moreton Hall also won £500 as the school who submitted the most entries and all of the girls who took part will receive a certificate in recognition of their entry."

Reflecting on her success, Isobel added: "My article was about brain-computer interface technology and how in the future, the human brain working alongside computers and AI software could lead to new and effective solutions for the problems we're facing.

"I was inspired by all the buzz around AI at the moment, all the advancements being made with it, and how it looks like it will become a really useful tool in so many areas. I am also a really big Elon Musk fan, and was really interested by the plans his company Neuralink has to develop brain-computer interface tech.

"It's amazing that the Biology department gives us these opportunities to explore and engage in our subjects outside the classroom, especially when you get to talk about, and research a subject you are so interested in, and I am really grateful to Mrs Peel for encouraging us to enter the competition.

"I am really happy and surprised that I managed to be a runner-up; I genuinely didn't think this would happen."

The University of Gloucester's judging panel added: "The standard of writing and the depth of understanding were outstanding. "Your students' essays were excellent, and demonstrated their passion for Biology. The judges ranked Isobel's essay as runner up, and noted that her essay was highly commended to reward her efforts."

Shoulder pain can be caused by a number of factors, including acute injury during a sporting activity, an ageing body, or commonly habitual postural changes, e.g. sitting hunched over a laptop.

When shoulders move into a more rounded position, the chest muscles shorten and the upper back muscles weaken & lengthen. Scapula movement might be restricted, and the gap for tendons to travel through might narrow. In turn the rotator cuff muscles, which can no longer work in a balanced fashion, often end up being impinged, getting strained or tendonitis. A good holistic treatment (e.g. osteopathy) will usually start with working to reduce pain and improving the range of movement (of the shoulder and spine). Advice is given on self-help to aid recovery, such as how to support the arm when painful without causing further issues. Additionally, there will be advice on what activities to temporarily avoid e.g. push-ups and bench presses, swimming front crawl during desk posture etc, in order to speed recovery. During the recovery there needs to be some re-education on desk posture, workstation set-up, use of laptops and driving posture.

Once the shoulder has full range of motion again and there is no pain, exercises can be prescribed to strengthen the back muscles between the shoulder blades and the spine and stretching out the muscles on the front of the chest so that the shoulders can be held in a better position in order to avoid recurrence.

Supplied: Lake Beckley, GOsC Reg Osteopath

On Tuesday 3rd March I believe that my Nan's wedding ring fell off my finger somewhere on the school run, between Stans car park and school. My boys and I went to the park and Stans shop too.

My nan's wedding ring holds great sentimental value. She sadly died on Feb 14th 2020 at 95 years old.

Her ring was a wide band of platinum that was "hammered" for effect. I think it would be described as a D ring as it was slightly rounded. It wasn't terribly shiny or bright, more of a dull metal effect.

If anyone finds it please contact Michelle on
07837 540997.

St Martins Community Speed Watch

We are trying to get out but the weather is a big issue, looking at the forecast to give our volunteers some notice of a session is proving difficult as it changes so quickly. Ideally, it would be good to give people a call on a fine morning and ask if they are free, but to do that we need a lot more people to be available in the hope that at least 3 people can go at a moments notice and the more there are the easier it is to get a team together.

WE NEED YOU, training is available on a one to one basis if needed.

So if you're concerned about the speed of the traffic through the village please do get in touch. Sue Schofield Tel:777710 or Email: suescho@hotmail.co.uk

FEBRUARY REPORT

At our meeting on 4th February President Shirley Willis welcomed us all and two visitors. Various items of news and dates for our diaries were discussed. A thank you letter was received from the Severn Hospice for our recent donation to them from various

events we held to raise money for them. We decided we would sponsor a student on the Derwen walk once again this year. It is also our turn to man the lucky dip stall at the Derwen Fete on 21st May, always a great fun day. Our speaker for the evening was Kerry Mason showing samples and talking about the very elegant and decorative tights, hold ups and stockings at her shop in Shrewsbury called "Thighs the Limit". She stocks many brands for everyday wear too. You can also buy online. She also brought some of the Vintage Retro Lingerie with Burlesque Twist that she stocks there for weddings and special occasions. You can book a consultation and take your outfit and shoes to check all go well together. Members could also buy on the night at a very nice discount. She was thanked by Eileen Rosamund. We welcome visitors and our next meeting

MARCH REPORT

Our President Shirley Willis was away on holiday, so Vice President Eileen Rosamund took our meeting on 3rd March and did a fine job. After welcoming everyone she conducted a short business meeting. Next month is our Spring Show and we hope to get plenty of entries. We also are looking forward to the Oswestry Show and Angela Ree asked members if any of them can make things using our chosen theme to bring them along next month too. We then welcomed Maxine Smith from "Tilly Tea Dance" who makes, sells and exhibits her wonderful artwork designs in felted wool. Her work is very popular. After a brief talk we all had a go, she came round and explained and helped us each to produce our own pansy design in 3 different colour wools. The results were amazing considering that many of us had never done this craft before. She was thanked by Pam Doyle and then we took a photo of all our handiwork which can be seen on our facebook page. It is our Spring Show on 7th April but visitors can still come along. There will be no speaker as Clare Dare has cancelled

**All activities and meetings have been
CANCELLED
until further notice.**

First Time Central Heating Grants

Funding is available to install **free first-time central heating** to vulnerable and low-income households across Shropshire. This includes households who have an existing gas connection but no central heating or where a property can be connected to the gas network for the first time. Central heating installs should be fully funded for qualifying residents and are available to tenants as well as those that own their own home.

Data provided from the Gas Network operator Wales and West has identified more than 500 households are close enough to the existing gas network to be connected. This includes some in parts of Oswestry, Gobowen, Weston Rhyn and St Martins.

Oliver Rothwell, project Manager at Keep Shropshire Warm said

“We would encourage anyone who is interested to contact our team today, whether for themselves or on behalf of a relative or friend. Funding like this doesn’t come around very often, so we’re keen to help as many people as we can”.

Applications are currently being accepted through the Council’s Keep Shropshire Warm energy advice service – which is managed by Shrewsbury based charity Marches Energy Agency.

A range of free & impartial energy advice is available from the Keep Shropshire Warm team throughout the year on Freephone 0800 112 3743 or via email advice@mea.org.uk

Do You Struggle To Move Well and Feel Stiff As A Board? Are You Worried That Little Niggles Will Become Bigger Problems?

Is your back and rest of your body suffering as a result of your job or lifestyle?

Have you thought about trying Pilates but don't know where to start?

You are not alone. I help people just like you to improve back health, get more flexible, get stronger and keep daily aches at bay.

Here's What My Clients Say . . .

"I was a little anxious about joining a class, but I needn't have worried. Everyone was so welcoming and friendly and I'm amazed that after just one session I feel energised and more flexible" Angela

"My pilates taster session was an absolute life changer for me. I immediately felt at ease and the instructions were clear and easy to follow. I didn't feel out of place. Following my free trial class I couldn't wait to join in again the following week." Sandra

"My advice to anyone thinking about doing Wendy's Pilates Move More Freely classes is to stop thinking about it and just do it!" Mike

Pilates Move More Freely Classes are perfect for you if you want to improve back health, get more flexible, get stronger and keep daily stiffness, niggles and aches at bay.

I have a limited number of Free Taster classes. In St Martins and Weston Rhyn. Contact Wendy to claim your FREE taster class and for more information.

Have you heard of Parabl? Parabl Talking Therapies provides short-term therapeutic interventions for individuals facing common mental health difficulties or challenging life events which may be impacting on their emotional wellbeing.

Services are provided by a consortium of charities, and complement other treatments available from Betsi Cadwaladr University Health Board Primary Care Mental Health Teams. Services are delivered across a range of venues throughout North Wales, with options for weekend and evening appointments.

Who is Parabl for?

Parabl is for you if you are over 18, registered with a North Wales GP practice, and need support with your mental health. This includes patients living in Shropshire and registered with Chirk Surgery.

The service is available for individuals with:

- Mild to moderate mental health needs
- Longer term mental health needs in primary care
- Bereavement, relationship problems or common psychosexual difficulties.

How can Parabl help?

Parabl's range of services is available across North Wales in a variety of venues.

Appointments are flexible and can be made for evenings and weekends.

Services include:

- Self Help
- Online Workbooks and Support
- Therapeutic Groups
- Mindfulness
- Counselling

To find out more about Parabl

You may refer yourself in confidence for an assessment by phoning 0300 777 2257

(Monday - Friday 8.30-5.00) or by visiting the website www.parabl.org.uk and completing the online referral form. You can also ask to be referred by your healthcare worker or GP.

Parabl complements other treatments available from Primary Mental Health Support.

Working in Partnership

The Parabl partners are Advance Brighter Futures Wrexham, North East Wales Mind, Aberconwy Mind, CAIS, Tan y Maen and Ynys Mon and Gwynedd Mind. Other service providers include Vale of Clwyd Mind, Relate and Cruse.

Shropshire Psychological Therapies provide these services for anyone registered with a Shropshire GP.
