Update from the Village Life Magazine Committee

Hello everyone,

HAPPY NEW YEAR and welcome to the first edition of 2023. I do hope you all had a very Happy Christmas with lots of cheer and people to share it with.

I have not been to a Midnight Mass/Christmas Eve Candel Light service for some years but this year there was nothing stopping me. Candles lit, carols sung, friends greeted (some I have not seen for some time), what a precious time and a great way to start Christmas. In times gone by I remember the church being packed out and the sound of carols filling the space up to the rafters with the joy of a community coming together to praise God for his great gift. I am a bit sad to say the church was a bit over half full and I felt that from a community that is growing so much, where was the other half! May be next year there will be many more of our community finding their way to church.

Well what does the New Year hold for you? Is there a new member of the family due? Are you moving house? Planning on buying a new car, going to college or maybe you have a new year's resolution to lose some weight, visit family more, get fit, whatever is on the cards for you, I wish you well in all of it.

As for the Village Life, well we have not heard of any increase in printing cost as yet although I think we will need to increase the amount of magazines printed, which obviously will put up our costs. So I appeal to you all to make a resolution to put a regular amount in the collection box at Stan's. All offers of financial support are very gratefully received and does make a difference as to whether or not we are able to keep going. Many of the community magazines in local areas have gone completely or have moved to being totally internet based. I don't want to go down that route as many older people don't have internet and don't want to have anything to do with computers, to have paper in your hands is a lot more gratifying for them.

Parish Council

FROM THE CHAIR

Happy and Healthy New Year to you all.

Lots of lovely daffodils poking their heads out of the cold ground, so encouraging to see them, Snowdrops are also peeking out in this wet and windy weather. We are getting longer hours of daylight, and can start to look forward to warmer times. I know we often get some of the worst weather in February and March, but March winds bring April showers. And we start to get warmer weather.

Spare a thought to your neighbours; are they OK? Can they get out? Do they sometimes need an offer of help to bring home the heavier items of shopping?

I hope you had a lovely Christmas and New Year, but I do know lots have had the flu, and it does take time to get over it. "Keep warm, watered and rested," was always my Grannie's advice.

We have found out a lot of information for a voluntary car scheme, which we hope to get up and running this year, but as there are lots of safety aspects to setting it up, we are going one step at a time. We will let you all know in this magazine how we progress.

We still have complaints about dog fouling on the paths; remember it is the dog walker's responsibility to pick it up and bin it. There are lots of bins, so nobody has any excuse not to clean up after their dog.

Our Parish Council meetings are held in the Village Hall, second Thursday of the month at 7:00pm. Members of the public are welcome to come along and listen to our decisions, or you can come and let us know of a problem. We are all volunteers, and are here to support the village.

Kind Regards
Helen Williams

The better weather is coming

Report from St Martins Parish Council Clerk

This is a brief report this month, as during the Christmas and New Year period very few offices or businesses are open.

However, on a positive note Highline Electrical have now fitted larger Solar Panels and higher capacity batteries to the four Speed Indicator Devices (SIDs) on the four main approach roads to the village of St Martins. These SIDs can also record data which can be passed on to the police to enable them to carry out speed checks at times of the day when most vehicles exceed the speed limit.

In addition, Shropshire Council Street Lighting Department have confirmed that orders have been placed with Scottish Power to carry out column/cable replacement works to all the lights Shropshire Council own and maintain along Ellesmere Road. This work is scheduled to be completed by the end of February 2023.

As regards Overton Road it has been established that new cables are required all along this road from the roundabout by Stans Superstore to The Keys PH. At the time of writing this report Shropshire Council's Street lighting Department are carrying out an assessment of this area before issuing a further order to Scottish Power.

The majority of issues raised at the January meeting of the Parish Council related to Highway Issues.

The main area of concern relates to the safety issues either side of Escob Bridge. Following recent repairs to the road at Escob Bridge the installation of three roadside bollards has now further reduced the width of the approach road to this bridge from the St Martins direction creating more chances of further incidents at this bridge. The key matters concerning Escob Bridge is that its aged construction is insufficient to match the current needs of vehicle usage (i.e. without modification it is dangerous) due to continuing heavy loads, for example regular daily use by Plant Machinery and Articulated Timber Wagons plus the sheer number of vehicles requiring constant access to Shropshire's largest and continually growing village, as well as the new and expanding Bank Top Industrial Estate. It therefore makes the case for either Traffic Lights or even, at the furthest extreme, the construction of a new bridge. We feel certain that the cost of traffic lights compared to the cost of a new bridge would focus the minds of Shropshire Council towards supporting the lesser of the two cost options. Discussions are to be held with Shropshire Council's Traffic and Bridges Teams.

Discussions are also taking place with Shropshire Council on installing more visible 30 mph speed repeater signs in St Martins along with Dog Fouling signs following reports of an increase of dog fouling in many areas, especially on pavements.

Edward Davies,
St Martins Parish Clerk

Shropshire Council

Councillor Steve Davenport

County Councillor for St Martins, Dudleston, Dudleston Heath,

Cabinet Member for Highways

~~~~~

Dear all.

Happy new year.

I hope you keep well during the cold of the winter months; we do keep promoting our coffee, cake, and chat on Tuesdays in the village hall - all age Groups are welcome, warm, and it's free.

Also please remember there's a coffee morning at the chapel on Ellesmere road on Thursday mornings - everyone welcome.

I'm sure everyone saw the pot hole on Escob bridge over Christmas, unfortunately it took some time to have it repaired because of the holidays, but ok now, and both myself and the Parish Council are pressing on with Escob bridge Traffic lights as it becomes increasingly more dangerous, in my opinion.

We are all aware of the lights not working in the village and worse, including Dudleston I have over 50 out in my ward. Ellesmere Road will start any day now putting new LED lights on the new poles, Overton road will also soon start, the problem on Overton road is the underground cabling runs along the whole length of the village, also the heads need all to be LED.

I'm in the Village hall on a regular basis so please let me know if you need a chat.

A big thank you to Ash Allum for doing the Christmas Tree again in the memorial garden especially as it was vandalised and he had to do it again. **Thank You** Ash.

Steve

## St Martins Church Bell Tower Report 2022

2022 has been a fairly busy year in the Tower despite the lack of a local ringing band.

We have had several quarter peals throughout the year, and 2 full peals rung in March and June which were dedicated to Her Majesty the Queen. The first was to celebrate her Platinum Jubilee year and the second peal was rung on the 1<sup>st</sup> of June to

mark the start of the Queen's Jubilee celebrations in the village.

In September we were dealing with the sad loss of our longest-standing monarch, Her Majesty Queen Elizabeth II. A shock wave was sent, not just across our nation, but that of the whole world.

The Tenor bell was tolled for an hour to mark her sad passing. The bells were rung half muffled for the thanksgiving service on the following Sunday. And the Tenor bell was once again tolled for an hour before the Queen's funeral.

We have put out a couple of appeals for new bell ringers this year, but only one person has attended the bell handling class on a Tuesday evening 7-8.30pm. In just a few lessons he has learnt the great skill of ringing Church bells. Which are some of the oldest and largest musical instruments in the world.

In the meantime I would like to thank the help St Martin's receives from our neighbouring towers.

# Calling all Drivers!

Are you sitting at home wondering what you can do to help your community?

Do you have a car that sits on the drive all day?

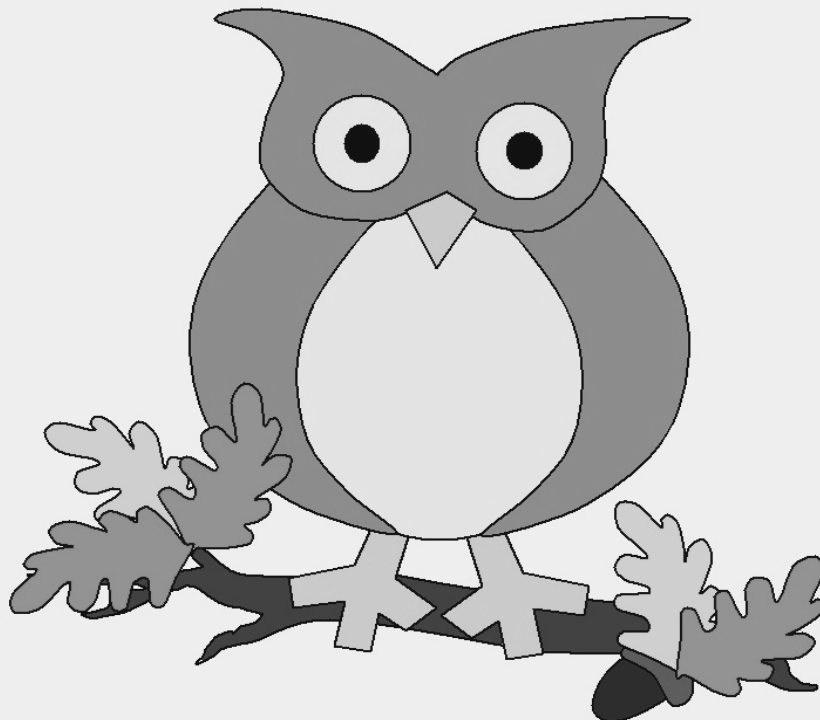

Can you answer the telephone and organise a lift to local GP surgeries or maybe a hospital appointment?

Viv Fisher is wanting help to have a Community Car/Voluntary Car Service. If this is something you think you might like to help with PLEASE come along to the Village Hall Centre on

**Thursday 16th Feb at 6.30pm** and hear more. There are details to be conveyed such as how much do you get paid? How long do you have to wait? And lots of other interesting stuff.

## A Wise Old Owl

A wise old owl sat in an oak,  
The more he heard, the less he spoke;  
The less he spoke, the more he heard;  
Why aren't we all like that wise old bird?

## ST MARTINS VILLAGE HALL CENTRE NEWS

Hello everyone.

St Martins Village Hall has had so much support over the last year from people and businesses in and around the village, Thank you to you all, especially Stans who support the whole community in many different ways. We are very fortunate to live in a village with so many services.

Our current challenge is to start a voluntary car scheme to help those unable to get to the doctors or hospitals. Viv Fisher is getting help in setting up such a scheme, we will need volunteers.

Improvements to the village hall are being progressed, alterations to the front porch, and heating improvements.

There is computer, laptop or tablet help available every Tuesday, just pop in to see John or Paul between 10am and 2pm.

A Warm Space is provided each Tuesday, Coffee and Chat, and tea, cakes, toasties and soup, and you get to meet others. Please come and visit us on Tuesdays, from 10am

Keep safe and warm

## **IT'S a SCAM**

West Mercia Police have seen a recent increase in reports of fraudsters operating in Shropshire, claiming to be from various police services around the country.

The crime, known as 'Courier Fraud' has seen the elderly and the vulnerable targeted in Ross on Wye, Shifnal, Meole Village in Shrewsbury and Wellington and we would urge everyone to pass on the information about bogus callers to relatives, friends and neighbours who may be at risk to such scams. While these locations have been targeted it is likely others areas have as well and may be in the future, so please remain vigilant wherever you live.

The recent trend is for the criminal to telephone a home and say they are a police officer from a UK police force or from New Scotland Yard, for example, and that the victim's account has been compromised. The victim is then instructed to visit their bank and withdraw thousands of pounds in cash which they claim the notes are forgeries and to deliver them to a courier using an agreed password.

There are variations of this scam and Superintendent Ed Hancox suggests a straightforward solution "Hang up the telephone. **The simple fact and the only thing to remember is that no police officer, legitimate bank/building society or business will ever phone you to ask you to give them your bank details, your PIN, or hand over your cash in the way we've described above.**

"While it is difficult to tell how genuine these calls are, they are all, without exception, people pretending to be police officers.

**"Don't trust anyone who calls you about your bank details.** If you want to check they are legitimate, find their number via directory enquiries or use the number on the back of your bank card and call them back.

## FRIENDS OF IFTON MEADOWS

Happy New Year to you all. Let's hope that 2023 brings a more stable year – 2022's weather confused not only us but the flowers and trees, which did not bloom at the normal time. With this in mind can I ask you to stay off the Skylark mound; it is only the beginning of January and the Skylarks were seen on Sunday looking for places to nest, 2 months earlier than normal.

2022 went out wet after a short spell of very cold (normal winter) weather. The friends continued to cut back the birch on the Skylark mound in November and December, but unfortunately I was not able to help. I sprained my knee in October and so climbing about on the mound was not on the cards. Winter is a quiet time for nature, but we do have the pleasure of a large variety of fungi. A recent survey on site showed 137 different types of fungi recorded by a specialist that come on site on 30<sup>th</sup> October 2022.

We have recorded our own survey and 21 species of fungi were found on the lower pathway one Sunday afternoon. So, keep an eye open when you are walking around - fungi come in all shapes, sizes, and colours. Many will recognise the distinct red fly agaric but if you look carefully, you will see many more - some bright colours blues, yellows and various shades of brown. Sizes vary from large puff balls to spindly Mycena. An easy one to identify is Turkey tail this is a bracket fungus which grows on trees. You will find fungi on site throughout the year but the main crop is in the Autumn and Winter.

By the time you read this we should be into early spring with flowers such as Snowdrops and celandine.

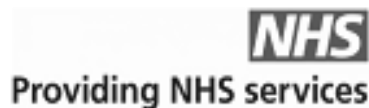

Stans Superstore, St. Martins, Oswestry. SY11 3AY Tel: 01691 778873  
Open: Monday - Friday 9am till 5.30pm, Saturday 9am till 11.30am

9. Which country has won TWO World Cups in the same year?
10. A Hat Trick as only been scored twice in a World Football Cup final name the years and the scorers.

# Cost of living help

This information has been brought together by Shropshire Council with its partners to support our residents at this challenging and worrying time.

Many people in Shropshire are worried about rising costs. There are three key things we want everyone to know:

- If you or someone you know is worried about money or is struggling right now, you're not alone
- There may be simple steps you can take to cut costs or maximise your income
- If you're getting into debt or your mental health is suffering, don't wait to get help

# The Milkmaid and her Pail

Patty the Milkmaid was going to market carrying her milk in a pail on her head.

As she went along, she began calculating what she would do with the money she would get for the milk. I'll buy some fowls from Farmer Brown," said she, "and they will lay eggs each morning, which I will sell to the parson's wife..

With the money that I get from the sale of these eggs, I'll buy myself a new dimity frock and a chip hat; and when I go to market, won't all the young men come up and speak to me!

Polly Shaw will be so jealous; but I don't care. I shall just look at her and toss my head like this." As she spoke that, she tossed her head back and the pail fell off it, and all the milk was spilt!

**MORAL: DO NOT COUNT YOUR CHICKENS BEFORE THEY ARE HATCHED.**

# ST MARTINS COMMUNITY POND & ORCHARD

(ARTHANS POND)

Well, we got the rain we wanted so we can think about the future, completing the work and reforming the angling club. Weather permitting, there will be a Saturday Open Day in March for anyone interested in the future of the pond.

Watch out for updates on Facebook:
